

More reasons to visit. More ways to connect.

Working together to create memorable visitor experiences.

A local destination. A shared opportunity.

Hepburn Golf welcomes accommodation providers, tourism operators and local businesses to explore ways to work together. From a round added to a weekend stay to a shared group experience, we want to help visitors discover more of our region and connect with the businesses that make it special.

Set just over five minutes from Daylesford, our 18-hole public course and licensed clubhouse offer golf, beautiful views and a relaxed place to gather.

Golf to suit the visit

Shorter rounds through to 18 holes, with options for beginners and regular golfers.

Time together

A clubhouse setting for a drink, a bite and conversation before or after a round.

Practical support

Explore equipment, cart and group arrangements to suit the experience.

What could we create together?

These concepts are conversation starters. Together, we can shape the inclusions, guest journey and booking arrangements around your business and your visitors.

OPPORTUNITY	WHAT IT COULD LOOK LIKE
Stay & Play	Incorporate golf into an accommodation booking, with a round length and timing that complement the guest's stay.
A Taste of Golf	An approachable, shorter experience for couples, friends or first-time golfers, with equipment options and time at the clubhouse.
Group Getaways	Bring together accommodation, social golf and local dining or other activities for a memorable shared itinerary.
Corporate & Team Visits	Include social golf in a retreat or team gathering, with a format suited to mixed abilities.
Guest Referrals	Introduce visitors to one another's businesses through guest recommendations, helpful information and agreed booking pathways.

Start small. Build something that works.
